

## 2.10.Report of Remedial Classes Session 2024-25

At RKMV,for academically slow learners, teachers engage in one-to-one interaction during their contact hours to enable weaker students to overcome their inhibitions and learning gaps. Remedial classes conducted by all departments help bridge learning gaps, strengthen fundamental concepts, and support slow learners. These classes provide personalized guidance, improve academic performance, boost students' confidence, and ensure inclusive learning by enabling every student to achieve the expected learning outcomes.

A committee was re-constituted for Remedial Classes on dated 15/02/2024 for the session 2023-24. It was unanimously decided that remedial classes will be for slow learners who have scored 5 or less marks in their house exams. It was also decided that remedial classes will be effective from 19-02-2024 to 07-03-2025. A time-table was displayed on 17-02-2025 in which it was made clear that the timings for remedial classes will be from 9am to10am in the morning and from 2pm to 4pm in the evening. In the current session **702 students (22%)** were the beneficiaries of Remedial Classes. A proof has been maintained in the form of photocopy of the attendance registers of the respective teachers.
