10 Do you have any suggestions for improving the course syllabus?

48 responses

No

NA

The syllabus should be more job oriented.

Syllabus should be more relevant to the present times

Syllabus is too lengthy.

yes, least one organism of one phylum/class should be for detailed study

Repetition of topics should not be there and Contemporary issues should be incorporated in the Syllabi

Syllabus should be activity based. It should include more opportunities of active participation of students for their overall development.

No, thank you.

More practical based syllabus

The syllabus prescribed for B.Sc. 1st year especially BOTA-101 should be shortened and taxonomy portion in BOTA-102 should be elaborated.... Floral diagrams and formulas for major families should be included in the syllabus...

The syllabus needs to be modified as per industry as well as academic requirements on regular intervals.

To improve the effectiveness of the syllabus, the focus should be laid on practical applications and project based assessments.

We must focus on practical work.

जी हां पाठ्यक्रम में साहित्य और सिनेमा के अंतर संबंध विषय को भी जोड़ना चाहिए।

Gap between theory and practice should be addressed by linking syllabus to real life issues.

Not yet

PRINCIPAL
Rajendra Prasad
S.R.K.M.V. Shilpa-1

In Zoology first year animal diversity course Type study should be included and skill courses should have practicals so that students can actually become skilled

The syllabus should be in tune with the changing times and its nature should be diverse yet inclusive

Value Addition Modules such as Sustainable Development Goals (SDGs)

It should accommodate the concepts and issues related to the use and effects of today's technology and science on human beings in particular and whole world in general. Besides students should also get taste of the original text, so few relevant excerpts or parts of such classical or significant work can be included in the syllabus.

In B.voc Retail management Last semester should be on internship and placement. There should be no academics classes if general component, but exams can be taken on their internship experience

More project based learning

None

Add Contemporary and Applied Themes, like Geopolitical case studies (e.g., Indo-China border, South China Sea)

More use of ICT

Hindi compulsory syllabus needs to be modified. Skills related courses to be incorporated.

N A

The semesters are unevenly distributed throughout the academic year—one spans five months (June to November), while the other lasts only two months (February to April), leading to a significant imbalance.

No, thank you.

Focussed on multidisciplinary or interdisciplinary approach into the syllabus for widespread areas

No

Yes , syllabus of 1st year should be reduced.

It is up to the mark

PRINCIPAL
Rajeev Prasad
SRI K. M. SHINDE
2024-25

The syllabus of certain subjects needs to be shortened.

Mention few points which make you feel proud to be associated with RKMV, Shimla

77 responses

Supportive teachers

While the faculty generally fostered a collaborative environment, the student help desk presented a point of concern due to instances of unhelpful and occasionally irritable behavior, which hindered effective student guidance. Conversely, the teaching staff, particularly the history department, demonstrated a strong sense of collegiality and proactively engaged with students by offering guidance and perspectives relevant to their future endeavors.

I have learnt alot during my college days, it helped me to improve my overall personality development by participating cultural activities, helped me to build confidence by giving presentations on the board,made good friends, teamwork for making projects, dedication of our teachers to teach all of us . I'll always be thankful to all of them who helped me to build up consistency,hardwork, confidence and many more.

Gradually improving, providing skills.

I'm proud to be part of this college because of its strong focus on education, personal growth, and community.

focus on highlighting its academic strengths, extracurricular opportunities, campus culture, and the overall experience it offers

Null

As a student I like supportive environment

It is very good institution , student must go there for studies.

They've got talented teachers..

Learning environment
Supportive Teachers and syllabus

Sir

Rkmv is one of the best college in the Himachal Pradesh. Rkmv infrastructure is best. Teachers in Rkmv is so cooperative especially my Economics teacher Professor Sandhya Chaudhary.

Na

PRINCIPAL
Rajesh Prakash
RKMV Shimla

Teacher's are best and cooperate us till now
College atmosphere and structure is good

Teachers are very helpful

I am proud that I was a student of RKMV college. However much I praise her, it would be less, especially our Dr. Anurita Sexsena ma'am, who at present has now become the principle of our college and the way of teaching of Aurita ma'am was different from all others, whatever ma'am had taught us once, there was no need for us to revise it again.

I am proud that I had the opportunity to be the student of teachers like Anurita mam and Nisha mam, Hemlata mam, Dr. I.d Sharma sir, Dr. Vipin Sir, Dr. Shardha Shandil mam. And I also have full faith that in future also the teachers of our college will incorporate the students in the same way in which all us teachers have been corporateing.

Not only me but all the RKMV students who have passed out from rkmv College are proud that today our college has progressed a lot and is making progress and all the changes that Principle Ma'am has made in this one year are praiseworthy. We all are proud of our RKMV's Principle Ma'am and all the staff members.

No matter how much I praise the staff of my college, it is still less. In fact, the knowledge that I have gained from the staff of RKVMV College, I would not have been able to acquire it in my entire life.

I thank from my heart all of you staff members who did things that were not even possible to make our future beautiful and put in all their effort to make our future golden.

Thank you all RKMV MEMBERS & Principle Mam, I will remain your admirer throughout your life and I also promise that I will never let the knowledge you all have given me go waste.

I am proud of myself that I am an NCC cadet and an NCC cadet always remains a cadet .

Availability of the Things in the campus

There is very great teacher's and opportunities in the college.

I fell very proud to be i am student of respected "RKMV"

Good infrastructure, provides many facilities and opportunities and equality or fairness.

1. Internet facility provided in the Library is satisfactory.
2. I feel proud and thankful to be a part of this college. The quality of teaching is a very good and understandable.

Nice teaching staff

Great teaching

PRINCIPAL
Rajya Kanya Mahavidyalaya
RKMV, Shirdi

It's a beautiful clg

Teachers

Staff

1.The college consistently maintains high academic standards and has produced many meritorious students over the years.

2.RKMV encourages participation in NSS, NCC, cultural activities, and sports, fostering all-round development

Teachers are very nice

Hostel life was great.

It gave me precious memories for life long.

Most importantly professors were great even helping when I'm passed out.

Our Principal mam for 2025 is very good principal because they do many work for our college according to other principal which I will seen in 3 years,thank you

Nothing

This is the only college in HP which gives best education to the girls. This college always provide good environment for the disabled students. Best teaching and non teaching staff and motivation for extra curriculum activities make it best among all colleges.

NA

Best professor and class management

RKMV is very well organization and the staff is very good because they are motivators and helps a lot.

The teachers of the college guide us very well and the college staff is also very good. I feel very proud that I got the opportunity to study from this college.

Best college

Good teacher

Good infrastructure

Teachers are very supportive and caring.

Class environment is also good.

Various extra curricular activities are held providing extra experience.

PRINCIPAL
Rajendra Kanya Mahavidyalaya
RKMV Shimla

#The professors here are highly experienced and passionate about their subjects, creating a stimulating learning environment.

#The curriculum is updated and includes recent developments in the field of the student and motivates them to achieve their goal to success. Student can engage in every activity other than studies.

May be students deserve better labs and a particular department for microbiology and biotechnology .Teachers are very supportive and encouraging

Yes

Very nice faculty , extracurricular activities, positive environment etc.

Our teachers are very friendly and scholarly.

Being a part of RKMV, Shimla makes me feel proud because it is one of the oldest and most respected colleges for women in Himachal Pradesh. The college has helped many young women become confident and successful through quality education. Located in the beautiful city of Shimla, it provides a peaceful and inspiring place to learn. The teachers here are experienced and supportive, and the college focuses on both studies and other activities for overall development. It feels good to be connected with an institution that encourages learning, discipline, and empowerment.

Good exposure

All good

1. It has rich legacy and reputation.
2. It plays vital role in empowering the women through education and many others.
3. It has scenic campus location.
4. It also has dynamic academic offerings.

Self improvement.

The way of study is excellent

Inspiring minds, Shaping tomorrow.

N/A

Help full and supportive teaching staff

Good

PRINCIPAL
Rajesh Kumar Chaudhary
RKMV Shimla-1

Teacher are very friendly, campus is good

I feel that this college taught me many things which is helping me up in current profession as well . I have taken many good and bad memories from the college . I'll never forget the professors who were very encouraging motivating and helpful. I am proud that I was part of this college once .

RKMV, Shimla has a rich heritage and is one of the most reputed institutions in Himachal Pradesh.

Rkmv location, staff , teachers everything is perfect. College's participation ij every activity is very good

Teachers are great and helpful

Batchmates are helpful

Rkmv college is nice and now developing superb for masters

Unit

Extra curriculum activities

RKMV, one of the premier institutes of girls' education in the state are continuously garnering new talent and imparting the students with learning from the changing dynamics of the world.

_ The college seeks to achieve a blend of traditional and modern education where knowledge is imparted in such a manner that the students are able to make a place for themselves in the modern competitive world and develop into an all round personalities .

_RKMV has made its remarkable contribution in the field of academics, sports, and cultural activities.

Education, curriculum, support fron teacher

The faculties were very cooperative and friendly. Overall I'm proud to be an alumni of college.

Proud to be the student of RKMV

Because of study

Wel mentained

As far as Department of Biotechnology is concerned practicals should we increased. Hands on skill training should we provided. Opportunity of internship should be encouraged among students. Laboratories need updated chemicals and equipments.

Great campus

Good behaviour of teachers

PRINCIPAL
Rajesh Kumar
RKMV, Shimla

Our principal is very motivational

Quality education.

Coperative teaching staff.

Exposure to other cocuriclar activities.

It is a very prestigious as well as old college and many students has been passed out from here in these years ,achieved so much which gives us a great moment of proud that we are associated with such a prestigious college.

About teaching skills

More particle work

Teacher is a coprating in student .

The faculty is the best because they have always helped every student. They were very patient towards us which every teacher should have and i am happy that i studied in this college. It was such a nice experience.

Teacher's are very nice

Even though our syllabus was somewhat outdated compared to current trends, our teachers made every possible effort to keep us updated and connected with the latest developments. Supportive faculty, beautiful campus.

It was a good experience

PRINCIPAL
Rajendra Krishna Mahavidyalaya
S.R.K.M. Shree-1

Any other suggestions / comments regarding Syllabus

67 responses

No

No

Nothing

All good

Given the evolving demands of the present landscape, I propose a thoughtful revision of the current college syllabus. I advocate for a transition towards incorporating more skill-based courses. This strategic shift would aim to equip future students with practical competencies and enhance their preparedness for the challenges and opportunities that lie ahead. A curriculum grounded in tangible skills would undoubtedly contribute to their future success and relevance in a dynamic world.

I don't have any suggestions.

Focus in current need of skills, practical learning

Nothing. They're all so well.

Add extra learning activities and proper classroom training to enhance the skills that help students to learn and adjust in real life , where practical things works not just thoroughly learning

Just Basic ms office and mail writing and ms excel skills and 7 Qc tools and sequal etc. Also syllabus should be like this where the English skills of students will be enhanced. Focus on english speaking and writing .

Give importance to numerical subjects more in graduation (economics).

Na

Along With theoretical knowledge give more practical knowledge to Students'

all is perfect .

There should be proper ground and wide area to the students

To slulbys add the more practical actives in syllabus

PRINCIPAL
Rajendra Kumar
Sri RKMV Shimoga

College should provide courses to students regarding "soft skills".

For Bsc 3rd year SEC physics all the books having almost similar syllabus it should be changed .And smart boards should be installed in every class rooms and labs.

Nope

Adding more vocational and industry-relevant courses (like digital literacy, communication skills, entrepreneurship, coding, tally account etc.) can help bridge the gap between education and employment.

Focus more on training programs.
Provide exposure for research.
Focus on mathematics it's very important in future.

I think soo the syllabus according to graduation is very easy ,it was very easy to pass for a normal rated student also

If we have one more building for hostel, it will be benifital for students.

NA

Syllabus should be skill emphasize and career oriented

More focus should be there on practicals and numericals instead of theory....

Syllabus that taught in my time is good it helped in my further studies

Need to add more practical knowledge of the subject's.

A new semester is about to begin and that means it is time to update your course syllabi (or syllabuses, if you prefer). There isn't one specific syllabus format endorsed at Pacific Lutheran University, so I have created an outline of topics I would recommend for anyone interested in providing a comprehensive overview of key topics.

The syllabus requires to introduce with technology like AI/ML and add more and popular languages to the course.

teacher to student ratio needs improvement and syllabus should be up to the par with current developments in the field . teacher training for updation and awareness is also important

Expansion of placement support.

No suggestion

DR. PRAVEEN RAJ
Principal
Sri RKMV Shrija

A little more practical knowledge

The syllabus could include more practical sessions and workshops related to current industry trends.

Syllabus is good

Change the practical subjects into modern languages used nowadays

Rkmv is nice clg

Syllabus must be related to the course of Master's in Bachelor's

Need to be revised according to National Education Policy 2020

All good

No everything was good

Teachers for empty posts should be allotted as soon as possible.

The syllabus is no doubt good but could be updated. Few topics seems very old and irrelevant. More practical knowledge should be given to the students like factory visits or market visit .Guest lectures from the successful alumni or others.

Good regard

No thankyou

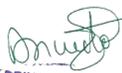

Please as much as possible update the BCA syllabus according to the current trends

Should be a little related to more about research
